Treating Wrong Disease.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsis, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostratien, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doutor, separate and distinct diseases, for which he assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of unifiering, encourages this practice antil large bills are made. The soffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper modicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misory. It has been well said, that in disease known is half cared.

Stomach trouble is but a symptom of, and not in fittelf a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Emedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly that principle, no such lasting accomplishments were ever to be had. For stomach distress, blooting, billiourses, had breath and sallow complexion, try Dr. Shoop's Bestorative—Tables or Liquid—and see for your self what it can and will do. "There is no time more important than this for a gathering of this nature," began Mr. Belmont. "It is very easy to remain at peace during prosperous times, but sometimes times change. I do not desire to pose as a prophet or as an alarmist, but it is unquestioned that we should prepare ourselves through just such gatherings as this to understand and solve the problems with which we are likely at any time to be confronted." Addresses were made by Archbishop Farley and others.

After the addresses the guests swarm ed into the biliard room, where a buffet supper was served.

The letter was addressed to "My Own Dead Hubby," and said:

"Now 2 a. m.; where are you, and what are you doing? Are you thinking of me, as I am thinking of you? I started to send you a New Year's measage over the wire, but the shops were all closed. I do hope we can have a happy New Year. Things have gone so wrong and unplessant between us that it makes me cross. I try hard not to be cross, but it is so hard to smile and look plessant. I will promise not to look pleasant. I will promise not to be cross for the New Year. My dear Ilex, how I wish you were near me, so that I could throw my arms around you and tell you how much I love you.

Mrs. Hillis said that when she ques tloped her husband about this letter he threatened to kill her, and said the servant, Norah Reidy, would swear she committed suicide.

Dr. Hillis swore the letter was writ-ten by Miss McGinnis for use in the novel on which they were working, and Miss McGinnis gave similar testimony.
